

# LUMATREAD™

## FLEXIBILITY MEETS FUNCTIONALITY

LumaTread is a durable, lightweight treadplate design for a myriad of decorative applications. From architectural accents on a commercial building, to wall panels and flooring, to countertops, tool boxes and truck beds, LumaTread offers exceptional versatility and a unique appearance.

Brought to you by CENTRIA Coating Services, known for its superior quality products and dedication to customer service, LumaTread is available in two options:

- **LUMATREAD BRITE**

A one-sided bright aluminum surface

- **LUMATREAD COLOR**

Several standard colors and limitless custom colors

Flexibility and functionality set LumaTread apart from the competition as it can be easily formed into custom shapes, is available in a wide range of gauges, widths, colors and substrates, and can be used for a variety of applications.

### APPLICATIONS INCLUDE:

- Architectural (Interior or Exterior)
- Transportation (Trailers and RVs)
- Tradeshow Booths and Displays
- Signage
- Tool Boxes

...and virtually anything else you put your mind to.
